"What children's book changed the way you see the world?" Anita Silvey asked this question to more than one hundred of our most respected and admired leaders in society, and she learned about the books that shaped financiers, actors, singers, athletes, activists, artists, comic book creators, novelists, illustrators, teachers... The lessons they recall are inspiring, instructive, and illuminating. And the books they remember resonate as influential reading choices for families. EVERYTHING I NEED TO KNOW I LEARNED FROM A CHILDREN'S BOOK--with its full color excerpts of beloved children's books, is a treasury and a guide: a collection of fascinating essays and THE gift book of the year for families.

"Every life is different, but every death is the same. We live with others. We die alone." In his riveting, artfully written memoir The Autobiography of an Execution, David Dow enraptured readers with a searing and frank exploration of his work defending inmates on death row. But when Dow's father-in-law receives his own death sentence in the form of terminal cancer, and his gentle dog Winona suffers acute liver failure, the author is forced to reconcile with death in a far more personal way, both as a son and as a father. Told through the disparate lenses of the legal battles he's spent a career fighting, and the intimate confrontations with death each family faces at home, THINGS I'VE LEARNED FROM DYING offers a poignant and lyrical account of how illness and loss can ravage a family. Full of grace and intelligence, Dow offers readers hope without cliché and reaffirms our basic human needs for acceptance and love by giving voice to the anguish we all face--as parents, as children, as partners, as friends--when our loved ones die tragically, and far too soon.

Everything I Know About Life I Learned From James Bond by John Flynn and Bob Blackwood is a light-hearted but thoroughly researched look into the world of James Bond. For the adolescent male growing up in the 1950s and 1960s, 007 was everything that young men were not. He was sexually irresistible to women. He was well dressed and well groomed, socially astute, clever and witty, athletic, debonair, dangerous, and heroic. He drove the coolest cars, possessed the greatest gadgets, traveled to the most exotic places, made love to the most beautiful women, and had the most fun of any cinematic hero. James Bond represented everything that authors John and Bob wanted to be. And now, as they look back over the years as middle-aged adults and college professors, both realize how much Bond helped re-define their understanding of what it meant to be manly, particularly at a time in our culture when the roles of men and women were becoming so fractured and confused. This book provides witty and insightful aphorisms about everyday things, ranging from

girls to food and drink, cars to clothing and style, and life lessons to fun facts about culture and civilization, as reflected through the prism of James Bond, the world's most stylish and cultured secret agent.

Gwen Petersen earlier enlightened us on the joys of shoveling manure. Now, in this delightful new collection of pithy and hilarious essays, she explains how her philosophy of life comes with a good dose of horse sense. Here 's advice on how to fall off a horse with style, dressing to avoid embarrassing your equine friend, 1,001 uses for bag balm, perfecting the care and feeding of veterinarians and farriers, cattle drives and brandings, and falling in love all over again (with a horse, that is). Petersen ' s words are as amusing as they are instructive, and whether you ' re a horse lover or simply someone in need of a down-to-earth laugh, this is a book you won ' t want to miss.

"A profoundly inspiring yet practical guide to well-being from one of modern Judaism's most beloved sages. As a congregational rabbi for half a century and the bestselling author of *When Bad Things Happen to Good People* and twelve other books on faith, ethics, and how to translate the timeless wisdom of religious thought into dealing with everyday challenges, Harold Kushner knows a thing or two about living a good life. In this compassionate new work, Kushner distills nine essential lessons from the sum of his teaching, study and experience, offering a lifetime's worth of spiritual food for thought, pragmatic advice, inspiration for better living, and strength for trying times. With vital, original insights into everything from belief ("there is no commandment in Judaism to believe in God"), to conscience (the Garden of Eden story as you've never heard it), to mercy ("forgiveness is a favor you do yourself, not a favor to the person who offended you"), grounded in Kushner's brilliant readings of Scripture, history and popular culture, *Nine Essential Things I've Learned About Life* is a capstone addition to Kushner's oeuvre"--

No sport has experienced such a tremendous growth in popularity in the U.S. in the past few years as soccer. Soccer is now played everywhere around the globe. This book has been written to present the experience of a man over the years. The knowledge gained has been and will continue to be tested as new ideas emerge and changes occur. Nader is the maker of his own fortune. Soccer is an intriguing game. There is nothing like an exciting run, a great feint, an accurate pass, a good shot, a brilliant save or a dazzling goal... The goal of this book is to provide you with verbal and visual imagery to recall and adopt. I strongly believe that the author have scored on all accounts. Ahmad Tousi (PhD), Head Coach of Cal State Stanislaus Warriors

What do you learn when your brain goes pop? Chris Licht had always been ambitious. When he was only nine years old, he tracked down an NBC correspondent while on vacation to solicit advice for a career in television. At eleven, he began filming himself as he delivered the news. And by the time he was thirty-five, he landed his dream job: a fast-paced, demanding spot at the helm of MSNBC ' s *Morning Joe*—one of the most popular shows on cable TV. He had become a real-life Jerry Maguire: hard-charging, obsessively competitive, and willing to sacrifice anything to get it done. He felt invincible. Then one day Chris heard a pop in his head, followed by a whoosh of blood and crippling pain. Doctors at the ER said he had suffered a near-fatal brain hemorrhage. Chris ' s life had almost been cut short, and he had eight long days in a hospital bed to think about it. *What I Learned When I Almost Died* tells the story of what happened next.
