Join a little girl as she zooms— past fields and forests, up mountains, over rivers, through deserts, home again, and into bed in this playful picture book about the power of imagination, from award-winning author and artist Barbara McClintock.

With a nod to Richard Scarry, this inventive picture book surprises readers with every turn of the page! Hiss! Screech! Roar! It's a noisy day in Bumperville! But are the sounds what you think they are? That Honk! must surely be a goose. But turn the page and it's the taxi that a goose is driving! Using cleverly placed die-cuts, this inventive book hints at what is making the sound, but with each turn of the page, it's an eye-opening surprise and part of an unfolding story that is part guessing game and part giggle-inducing caper. Abi Cushman is the master of surprise and silliness in this absolutely delightful picture book.

The yellow cars beep! The red cars vroom! As Molly plays with her big brother 's toy cars, readers will see and recognize patterns, an essential first step in learning to reason from the specific to the general. But can Molly put the cars back in the right order before her brother returns?

Trucks and cars are very important in Kevin 's world. He likes them all: the strong workers, like the tractor and the garbage truck; the quick helpers, like the fire engine and the police car; and the regular road vehicles, like the car and the motorcycle. Vroom! There are lots of wheels in this big book of cars. There are also rhymes and questions to make the book really attractive to toddlers. Many young children are fascinated by vehicles, and Kevin is one of them. A lively and informative book for car lovers aged 2 1/2 and up.

Playing with toy cars, three children find themselves flying around a racetrack vying for first place.

Introduces young readers to such cars as a sports car, taxi, and jeep as they all go "vroom." On board pages.

Things That Make You Go Vroom is a fun picture book that shows kids how the things that make a car go vroom are just like the things that make them go vroom. The book makes whimsical comparisons between a skeleton and a car frame, a heart and a car's engine, a tummy and a car's fuel tank and several other fun vroom things. For ages 3 to 6.
