Freedom of choice is at the core of the American story. But what if choice is fake? Americans are fixated on the idea of choice. Our political theory is based on the consent of the governed. Our legal system is built upon the argument that people freely make choices and bear responsibility for them.

The Myth of Choice: Personal Responsibility in a World of Limits is much more exciting than the title might suggest. I learned a lot about why we make certain choices, what influences us (brain chemistry for example - something I didn't suspect had anything to do with my choices), and how in certain instances we don't have as much choice as we believed.
